

RADLEY

Dear Parents,

The College has been informed of a sophisticated cyber scam targeting independent school parents. As this coincides with the timing that we are sending invoices for next term (they will be uploaded to the Parent Portal today and shared via email shortly after), I wanted to provide some context and advice.

Cyber criminals are seeking to exploit the possibility of VAT being added to school fees by encouraging parents to make payments to a fees in advance style scheme. The phishing emails have been convincing enough to trick some recipients into responding.

Our insurers have provided the following advice, which we encourage parents to heed: a) be cautious of emails marked 'urgent', b) pay careful attention to spelling and grammar errors, c) verify the sender's email address by hovering your mouse over the sender's information to ensure consistency with the College's email system (please note: all Radley emails are sent from @radley.org.uk addresses), d) check for inconsistencies in email addresses, links and domain names, e) be vigilant and consider whether something seems 'too good to be true', and f) always avoid sharing sensitive information.

The College has a robust cyber security infrastructure and we deliver regular training to boys and staff. If you receive an email that appears to be from Radley but seems suspicious, please do contact us via bursary@radley.org.uk or fees@radley.org.uk and forward the email to suspicious.samples@radley.org.uk. Additionally, I wanted to let you know that we have been involved in a high volume of conversations and email correspondence with parents about our fees in advance

Thank you for your support.

Fifth

All Fifths have now finished their exams. My congratulations go to them all! Boys should know whether they need to be in school for any particular school commitments and I hope they are all having a well-earned rest. All boys need to be back on Sunday 30th June for Futures week, organised by Mr Lawson, Head of Sixth Form. He will send the programme in due course.

organs. Boys visited Magdalen College (where they were hosted by OR Henry Morris), Exeter College, St Mary Magdalen Parish Church, Keble College and The Queen's College. An obligatory excursion to Blackwells and an afternoon tea broke up the afternoon.

Scientific Thinking

Congratulations to the 150 boys who took part in the National Scientific Thinking Challenge last week. This challenge tests boys' ability to analyse data, graphs and text, make deductions, spot trends, suggest hypotheses and identify anonymous results. 28 boys achieved a gold award, 17 silver and 32 bronze, considerably above the national averages for the competition.

Frank Luntz Visit

As the US election approaches, it was a pleasure to host the renowned pollster and political consultant, Dr Frank Luntz, at Radley this week. Frank led workshops, taught lessons and hosted debates for boys in all year groups. As ever, his unique insight into global politics had a profound impact on the boys. Photos of his visit are available [here](#).

Fixtures & Travel Information

We are always delighted to see parents supporting fixtures. Due to the dynamic nature of fixtures and venues, please check [SOCS](#) and speak to your son before making travel arrangements. Please keep dogs on a lead and pick up after them. Radley is a non-smoking campus.
